

Donating--Your donations, whether financial or your time and talents, helps the church achieve its mission

Ways to Donate:

Online Giving. You can use our Breeze software to give one-time or schedule regular offerings from your bank account or charged to your credit card. Regular giving (such as weekly, bi-weekly, or monthly giving) makes it easier for the church to manage our finances. Links to the Breeze software on our website – www.ulctempe.org

Text Giving. You can donate by texting your amount to 480-878-7977. The first time, you'll be prompted to enter your bank account or credit card information.

Checks. You can mail checks to University Lutheran Church, 340 E. 15th Street, Tempe, AZ 85281.

Weekly Offerings. During our worship services, you can place your donation in a collection plate near the Sanctuary entrance.

You can specify that a donation to be used for a specific ministry, such as Campus Ministry, when you are using online or text giving or by writing it on your check.

Donating Stock. You can donate stock to the church. If the stock has increased in value since it's purchase, you can avoid paying capital gains tax, which increases the value of your donation. Contact the Treasurer for more information.

Donating minimum IRA distribution. If you are required to take an IRA minimum distribution, this can be donated to the church directly. Contact the Treasurer for more information.

Time and Talent. We are always needing worship volunteers (communion assistants, altar care), cooks for student meals, volunteers for property clean up sessions, and much more! Contact the office to sign up or for more information.

Blood and organ donations. Although this doesn't directly affect the church; it is a great way to give to the community. www.dnaz.org -- organ donation information, www.vialant.org or www.redcrossblood.org – blood donations.

Giving ♥ Growing ♥ Gathering
